Hi Sgt Roberts – just wanted to make sure you were aware of the latest information we have on this situation. I did just copy you on the email I sent to GOC but just wanted to make sure you were aware and let you know how we have been working on these issues over the last few weeks.

PSPC is fortunate to have a seat at the NCR CC. Currently the PSPC liaison officer is Oliver Desbiens (copied on this email). The number to reach our on shift PSPC liaison officer at their assigned desk is s.37 [REDACTED] Brad Paradis is the property manager who manages the NWM and the TUS. He is the one liaising with his team of maintenance officers that would be the ones asked to re-install the fencing if that decision is made. Simon Dube is my boss at PSPC and I am the Director for Emergency Management and the one that usually liaises directly with the GOC on behalf of PSPC.

I hope that helps. For this evening – Brad and his team are on standby, however, at this stage, I don't think they are expecting that they will get the green light to re-install the fencing while the area is occupied by the team with the propane heater who are reported to be prepared to stay all night to protect the cenotaph.

If you are aware of any changes or wish to get in touch, please do not hesitate to reach out to Olivier, Brad or myself.

Regards,

Caroline Mockler

Hi Alex;
Acknowledging receipt.

I'm in the process of contacting the PSPC crew to confirm logistics. (TBC)

FYI - I was just advised by PSPC staff that there is a small group gathered with a propane heater at the cenotaph, and they are reported to be prepared to stay for the night. We understand they maybe part of the same group that deconstructed the fence earlier today. This may prove to be a problem to re-install the fencing should this group remain overnight.

I'm in process of contacting DND, NCC and VAC with respect to this request.

Will keep you posted.

Hello Brad,

As discussed via phone, OPS is hoping to re-erect the fencing around the National War Memorial tonight at 3AM. I have cc'd the OPS point of Contact Sgt. Roberts who is the lead on this issue.

Please let me know if there is anything we can do to further assist on this issue.

Alex

Hello,

We're touching base in regards to the fencing around the National War Memorial which was taken down. Recognizing the current situation, is there an OPS intent to put back up the fencing? We can liaise with PSPC if need be depending on the situation on the ground in the next day or so.

Alex
